## Courses

*Award-winning courses in a historic milieu*

Kytäjä Golf offers you a unique golfing experience in a natural Finnish lake and forest environment. Kytäjä has two award-winning courses, South East and North West. Both were designed by respected Canadian golf course architect Thomas McBroom.

To make your experience at Kytäjä Golf more exciting, you can stay in our luxury villas located by the lake near the clubhouse.

Please feel free to reach out to our team with any questions you may have.

# South East

*Holes: 18 | Par: 71*

KYTÄJÄ GOLF

South East (SE) course, opened in 2003, is regarded by many rankings as the best golf course in Finland. The first nine holes meander through a spacious forest landscape with fantastic elevation changes. The flatter back nine has several holes running on the Lake Kytäjä shore. The typical features of the South East course include wide fairways, deep bunkers, and well-sloped greens.

## South East

# North West

*Holes: 18 | Par: 72*

KYTÄJÄ GOLF

Kytäjä's second course, completed in August 2004, is also named after its geographic location on a map. The North West course features ever-changing topography offering both visual delights as well as engaging playing conditions. The first five holes of North West are located in an expansive and open landscape. The rest of the course plays through diverse and rugged terrain with significant changes in elevation. Do not miss the view from the back tee of 17th overlooking Lake Kytäjä, and the clubhouse complex.

## North West

*Holes: 18 | Par: 72*

KYTÄJÄ GOLF

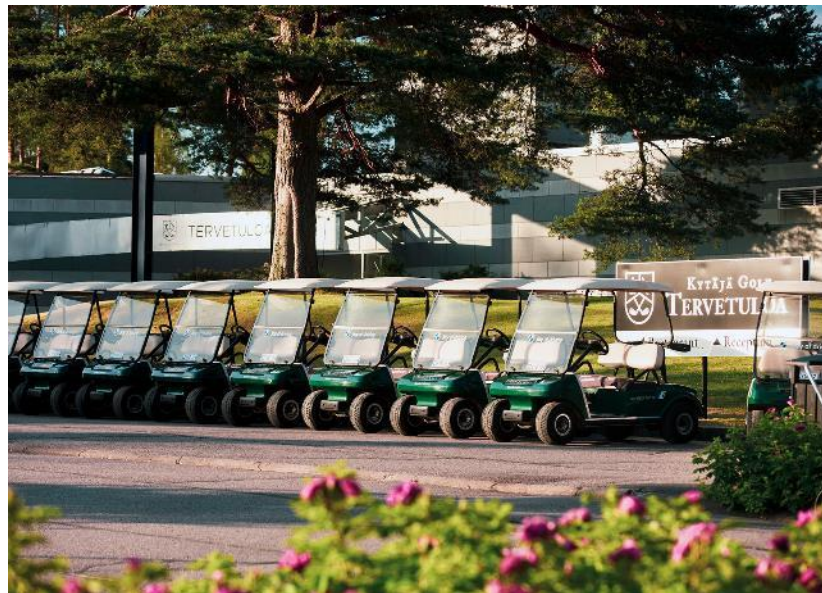

Kytäjä Golf practice facilities are the best in the country. Thus, it's a good idea to have some time to visit the driving range and short-game areas before or after the round. There is plenty of space in the 12-hectare driving range and the nearby putting greens. You can always practice from real grass with quality golf balls. There are seven bunkered target greens and two putting greens. There are also three practice bunkers.

## Golf Carts

*75 high-quality Club Cars*

Club cars are available for rent for individual golf rounds. There are also annual cards available for shareholders and gaming rights holders. Kytäjä has got enough club cars so that even the combined departures of the two courses can be made so that everyone can get around by club cars.

Some of Kytäjä's golf carts are equipped with a GPS system that makes it easier to play and move around. You can explore the courses' paths through the screen and get distances to different destinations. The GPS display also provides tips to guide golf carts around the course.

# Services

*Only the best for our visitors*

KYTÄJÄ GOLF

# Clubhouse

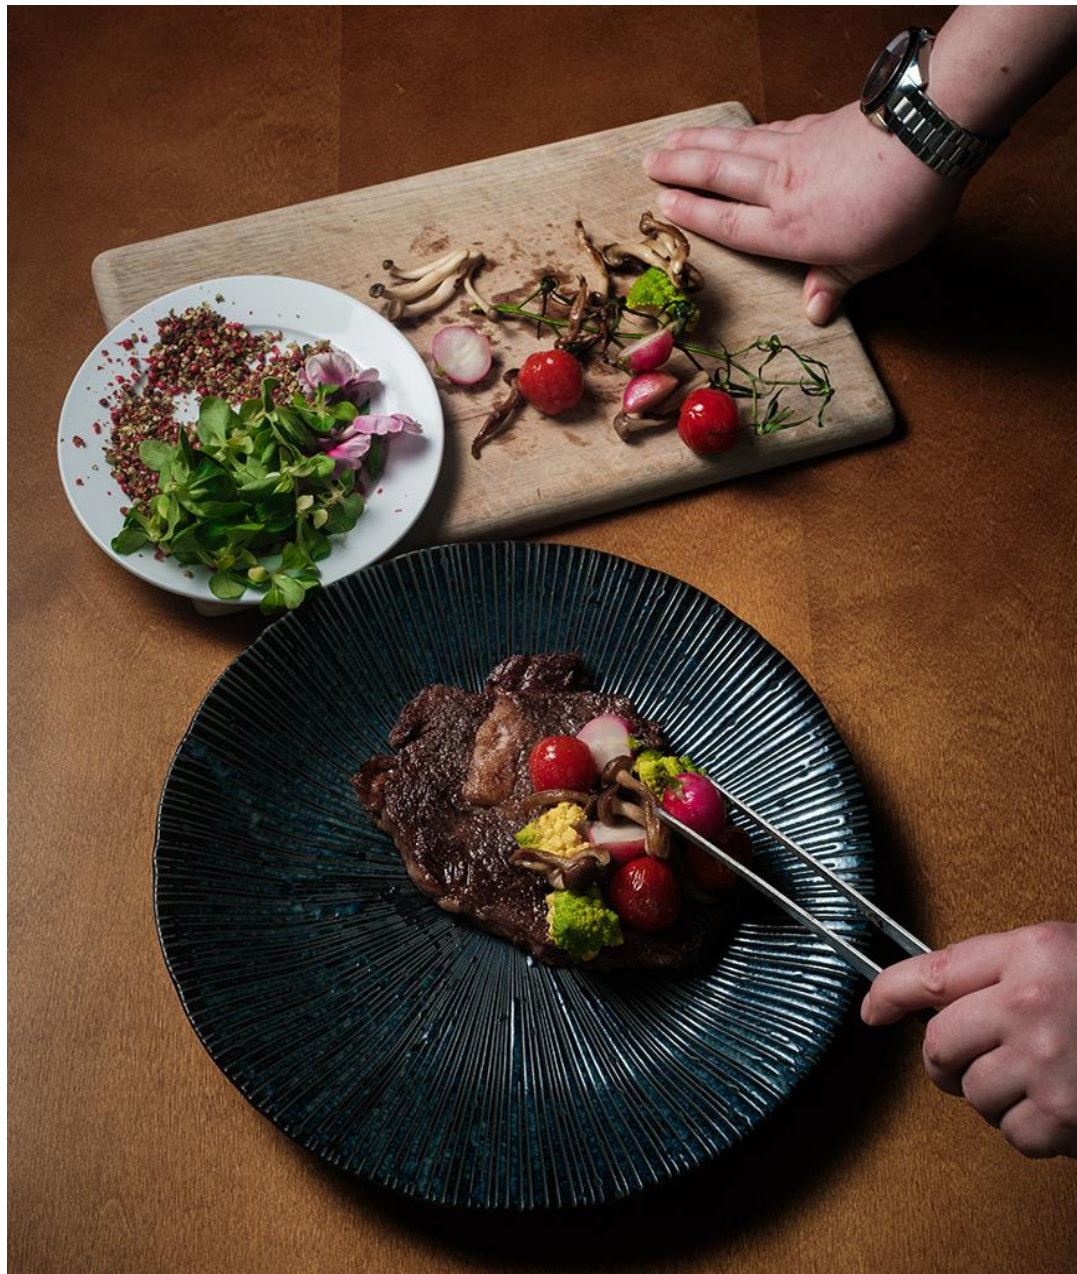

*All services under one roof*

At Kytäjä's clubhouse you can find all the services you need before and after a round of golf. Caddiemasters will welcome you to the clubhouse and they are ready to serve you for all the matters related to playing.

- Caddiemasters
- Pro Shop
- Restaurant
- Golf Pro
- Locker rooms & sauna
- Massages and treatments

Both the women's and men's locker rooms are spacious and comfortable. In the sauna facilities it's nice to talk about golf and the best shots of the round. In the locker rooms you can find e.g. lockers and fresh towels.

## Restaurant

*Nordic taste experience from local ingredients*

From the Kytäjä Golf restaurant you can enjoy fantastic lake views in a relaxed atmosphere. Our clubhouse restaurant serves golfers food made with local ingredients ranging from the best traditional flavours to modern Nordic dishes.
